# What makes us stand apart

We offer a comprehensive approach to education integrating elements from various dimensions across the globe. We aim to make students proficient in a progressive and diverse world. The curriculum is designed to offer students with a meticulous and wide-ranging education that focuses on critical thinking, creativity, comprehending and lifelong learning. Along with academic virtue, our school promotes the skills of communication, coordination and analysis. We believe in the prominence of multilingual approach to education as the importance of learning foreign languages is the need of the hour to associate ourselves with people from various linguistic environments. This augments the learning environment and provides students with opportunities to learn from one another and develop a deeper understanding of the world around them. We are about building character, and raising kids who are not just smart and academically strong, but are kind, posses integrity and care about making a positive difference. We offer universal approach towards education that equips students with the ability and the approach that is required to succeed in a world designed by variety and change.

# TYS EDGE

## How We Build A Love For Learning

Studying at TYS comes with additional perks and gives our students an edge over the others. Along with offering our International curriculum that caters to every aspect of the student's wellbeing, we provide a comprehensive and dynamic atmosphere to contribute to the child's intellectual, social and personal development. Our curriculum blends academic and co-curricular activities in a way that it lays the foundation for shaping an individual's ideas, values and perspectives that contribute to his/her growth as well-rounded individuals.

- International Curriculum
- Hands-on, Activity Based Learning
- 10 : 1 Student-Teacher Ratio
- Homeroom Tutor Concept
- Smart Interactive Classes
- Foreign Language Options
- Engaging Enrichment Activities
- Clubs
- Field Trips
- Extra-curricular & Co-curricular Activities
- Continuous Evaluation Process
- Fun Learning Environment
- Student wellbeing programme

# The Difference Between Traditional Schooling & TYS International Pathway

## Traditional Way

Memorise and forget

Information limited to textbooks

Learners work individually

Teacher as the knowledge provider

Assessments mainly through standardised tests

Education not linked to the real world, thus resulting in students getting bored and disengaged

‘Chalk and talk’ Method of Teaching

Rigid, making it difficult to make changes or adapt to new requirements

## TYS Way

In-depth knowledge and understanding across a broad and balanced range of disciplines.

Explore concepts, ideas and issues that have local and global significance

Learners work collaboratively

Teacher as the facilitator of learning

Assessments through project based work and continuous and comprehensive evaluation process

Education linked to the real world, thus making learning fun and engaging

Student-Led Learning

Aims to enhance Life Skills, Critical Thinking, Analytical Skills, Value Education and Decision-Making Skills for Learners

# NON-SCHOLASTIC QUEST

The Yenepoya School endeavours to promise a holistic environment to its stakeholders. We not only believe in the academic success of the students but also encourage them in non-scholastic pursuits. The school presents a variety of engaging activities throughout the year to stimulate student learning and to build imperative life skills that complement in enriching the students' academic experience.

We have a team of dedicated facilitators with expertise and experience who create a fun based learning environment for all our students. Some of the activities are covered during school hours, while others are organized by external facilitators after the school.

**Swimming**

**Skating**

**Horse Riding**

**Dance**

**Music**

**Art & Design**

**Throw ball**

**Theatre**

**Safe Transportation Facility**

**Full-time Medical Assistance**

**Amphitheatre**

**Cafeteria**

**Indoor Swimming Pool**

**Basketball Court**

**Football Turf**

**Indoor Badminton Court**

# ADMISSIONS

Every child deserves the best and every parent aspires to provide the best to their child. It is imperative to make the right choice for your child and we understand that choosing the perfect school can be a challenging task. This is where our competent and dedicated team steps in to guide you in the right direction and helps you to make the right choices.

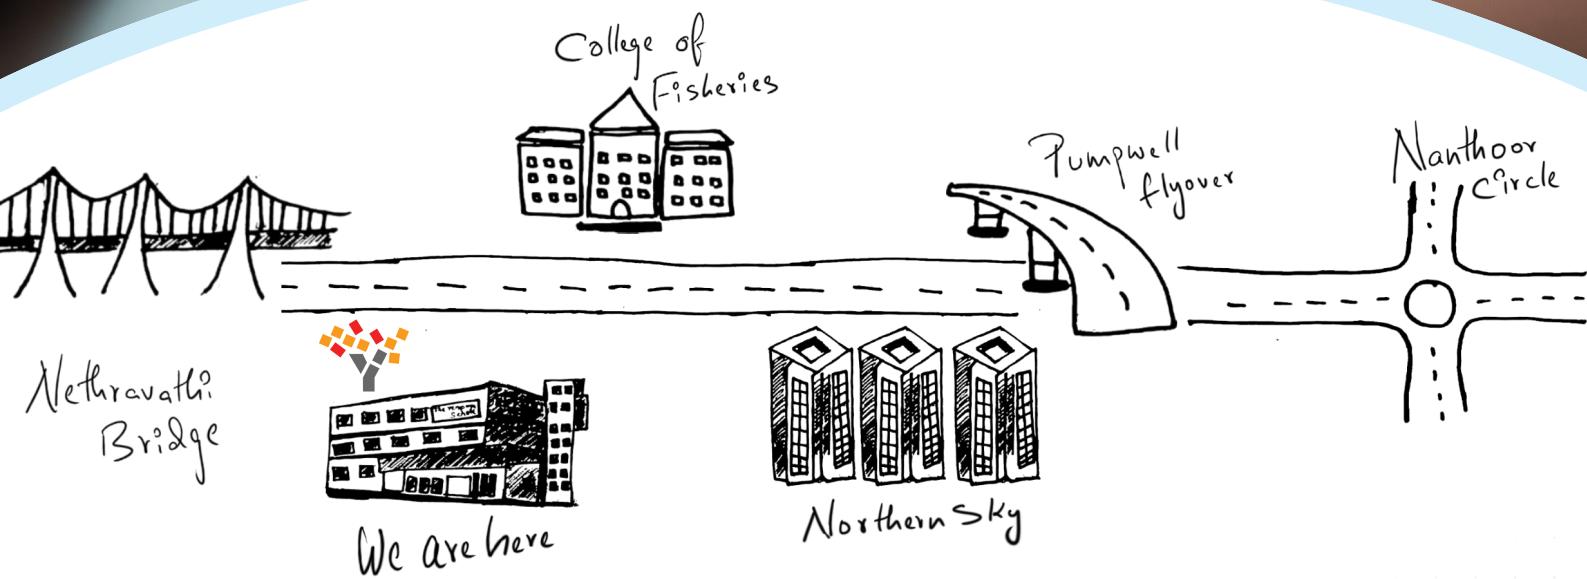

Our admission process is designed to ensure that both the school and the family are aligned in their goals towards the child's education.

## **We have your child's best interest at heart!**

Our Admission team will make your transit to our school a smooth process, all the way from the time you walk-in until your child joins the school through our admission process mentioned below.

- **Inquiry and Information:** To begin with the admission process, parents are required to reach out to the admission team to express their interest and schedule a session for the information about the school, during which parents will learn more about our School.
- **Assessment:** In order to evaluate the students' compatibility with our programme, students will be required to take up the admission test. All the students would be required to produce their marks cards 2 years prior to the academic year of Admission.
- **Admissions and Documentation:** Once the student is notified of the admission result, the admission fee must be paid along with the necessary documents.

We will do our best to ensure that the admission process is as smooth as possible, and be available to answer any questions you may have along the way. We are excited to partner with you on this journey and look forward to welcoming you to our vibrant and exciting school community.
